The Chapel Hill-based insurer provided one example Monday of how its rate increase would play out in 2016

A recently released survey by the Pew Research Center found 93 percent of adults in the U.S

In addition, explained the source, the president objects to assisting countries economically or militarily while they maintain a hostile position toward the United States and its interests

In addition to the 2016 rate increases, the president said the insurer will release a new product in 2017 with a new mechanism of action.
