So the contraption is fitted with a precise altimeter to monitor how high it is ordered.

Officials have known the site of the wreck for a number of years and suspected the ship was a slave ship, but research only recently confirmed it.

Consumer spending remained flat in April, construction spending and manufacturing picked up steam, holding views steady that the Fed will begin to hike interest rates by the end of the year.

Economic conditions do not warrant a rate hike at this time, while also citing concerns over the euro zone’s handling of Greek debt and a slowdown in China.
Discovery of a root cause of Takata's air bag problems "is not imminent," according to David Kelly, head of an automakers' coalition investigating Takata air bag inflator ruptures.

Sophia's Greek Orthodox Cathedral around noon while blanketed in white flowers.
